

## **Conduct**

Specific rules and regulations applicable to the Formula Student event will be issued to all competitors prior to the event.

To ensure full compliance with UK and European legislation, teams are not permitted to display any form of tobacco or cigarette advertising on their vehicles or display areas.

The organisers also reserve the right to instruct teams to remove or cover any other vehicle or display area markings that may be illegal or likely to cause offence.

In addition, the organisers hereby reserve the right to deduct points, or exclude individuals or teams from future competitions, if they act in such a way, at any time, as to actually or potentially bring the Formula Student name into disrepute. Teams, or individuals associated with them, displaying and/or running their vehicles at any events organised by themselves or others, who use the Formula Student name while doing so, and act irresponsibly or recklessly, may, at the organisers sole discretion, be deemed to have acted in breach of this rule.

Teams are reminded that cars built according to the Formula SAE and Formula Student rules are not designed or intended for racing or use at high speed, or in confined areas where they might impact with solid objects, including safety barriers. Teams are advised to develop and run their vehicles on large, substantially open areas, and to do so only under similar speed and cornering conditions as they would face at official FSAE or Formula Student events. It is further advised that all cars are checked by an official scrutineer - a list of all approved MSA scrutineers in the UK, who can be contacted, is available from the Operations Co-ordinator (Neil Carr-Jones, 01483 524400).
